

# 04.11.13 Car Wash Lending Update

## Are you looking for new car wash equipment?

The International Carwash Association's "THE Car Wash Show" is just around the corner. The Expo will be held at the Sands Convention Center in Las Vegas from April 22nd to 24th. Some of the best deals on equipment can be found at the show. In many cases manufacturers have show specials or some other incentive to win your business.

If you're going to the Expo to buy equipment and are looking to negotiate from strength, **it's not too late to get APPROVED** for your Equipment Loan or Lease. Equipment Loans and Leases can be pre-approved with as little as a single page credit application and some basic bank information.

## Are you planning on buying or building a new wash?

With new construction on the rise, many savvy operators and new investors are looking to take advantage of the lower real estate prices. If you are looking to buy an existing car wash or build a new facility, Coast Commercial Credit has the options to meet your needs.

### Visit Coast Commercial Credit at THE Car Wash Show

Please stop by the Coast Commercial Credit booth at THE Car Wash Show in Las Vegas. We will be in **BOOTH # 2915**.
